

THE FARMERS' HOME MUTUAL.

The Treasurer's Report Shows a Successful Year's Business—Old Officers Re-elected

The annual meeting of the Farmers' Mutual Aid Insurance Company of Mason County was held yesterday afternoon in the Council Chamber. Mr. James B. Key was re-elected President, and Mr. James E. Cahill, Secretary and Treasurer. From Mr. Cahill's annual report it is learned that there were only three assessments last year, amounting in all to 70 cents on the \$100 worth of property insured.

The cost of insurance since the company was organized fourteen years ago last February amounts to \$4.96 on the \$100, an average of 35 1/2 cents per year. There are now 513 members, who have altogether \$687,786 worth of property insured, a net increase of \$25,786 the past year.

In the last year the property has been examined and where necessary the amount of insurance was reduced. In some cases the company cancelled the insurance when through neglect the risk was considered unsafe. But new members have been secured and new property has been insured since the reduction to make the company as strong, or stronger than ever before.

There was collected last year \$4,848.63; paid out \$4,773.29. After paying all expenses there is in the treasury \$113.49.

The Treasurer estimates that the company has saved its members over \$100,000 on the cost of insurance since its organization.

BASE BALL.

Another Move on Foot to Organize an Association and Arrange For a Series of Games.

The electric cars furnish rapid and cheap transit to and from these grounds, and the amphitheater would furnish accommodations for the spectators.

There is no good reason at all why Maysville should not have a crack team. There is abundant material here for several teams that ought to prove as good as the old Eckfords, but it will take time to develop this material.
